AROUND the TOWNSHIP

The Niles theatre has a new carpet so deep and soft that when Tommy Estudillo first walked on it he disappeared from sight and they had to take soundings before they could find him.

We regretted to hear of the death of Mr. Belkle who was well-known in Irvington. Belkle was a shrewd observer and his acute comments on events were always of interest to Irvington visitors.

The California Nursery's suburban home development on the Creek road is the first sign of what will develop into a building boom in this territory during the next few years. It will increase the value of all land hereabouts.

We take our hat off to the Warm Springs telephone exchange which observes the sabbath by closing up in all its parts and functions on each and every Sunday.

D. M. Carvo thinks he has found a record breaker. Fellow came into his place the other day and in the course of a casual conversation about politics asked him if it was a Republican or Democratic administration now in Washington.

Arnold Bellini, popular meat cutter and dance hall entrepreneur, propounds this one: Suppose you are all tired out and go to bed at eight p. m. and are afraid you'll sleep 12 or 15 hours unless something awakens you. But you have to get up at nine a. m. next day. How'll you set the alarm clock so that it won't rouse you an hour after you go to bed?

Arnold, you've been working too hard.

Our Neighbors to the East

Last Sunday afternoon we were guests of Mr. and Mrs. William Kirk, in a personally conducted tour of the eastern part of the County. We climbed the rolling hills of the Vallecitas highway, and looked back over a beautiful wilderness of grassy hills and oak studded uplands. Entering the Livermore Valley through groves of white barked sycamore along the flood plain of Del Valle Creek, we turned north to hundreds of acres of blazing poppy fields. We passed through the beautiful rolling vineyard estates of the Wentes, the Concannons and other old settlers of the Livermore Valley. After following up the Tesla road we cut across to the Patterson Pass road over the Whoopee cut-off. Seventeen short, sharp, steep hills in less than a mile make this a thriller for fast driving. We took a long detour over the windy Patterson Pass, and down the steep ravines where the rare sage thistles turned the hill slopes blue. We approached almost the floor of the San Joaquin Valley at Midway, easternmost settlement in our county. Here grain crops looked wilted, with poor prospects unless another inch of rain falls soon. From Mountain House we followed the busy highway home through our own beautiful Niles Canyon.

Such a trip impresses one with the diversity of agriculture and the variety of natural scenery found in our county. It should be taken at this season before the summer fades the wild flowers and dries up the hill streams.

New Arms Against an Old Foe

Bill Kirk pointed to certain well kept vineyards and said, "See those vineyards? They used to be badly infested with morning glory, but

Lions Work Out Details For Fair

CENTERVILLE— Appointment of the executive committee for the third annual Washington Township Fair was made at Tuesday's dinner meeting of the Centerville Lions Club. Harold DeLeon, president, will act as general chairman and the following will assist: Loren Marriott, secretary; Chick Santos, Allen G. Norris, Frank Madruga and Joe Jason.

The fair will be held August 6, 7 and 8 at the athletic field of the Washington Union High School and will consist of entertainment features and exhibits of Southern Alameda County products.

Harry Knox of the Better Business Bureau of San Jose was the speaker of the evening. He spoke on "Fakes and Frauds in Business". He mentioned phases of unfair advertising, in which articles were represented as being for sale at a reduced price when the price advertised was the regular amount, various "games", fake sale systems, etc. He stated that efforts were being made to secure State legislation on regulation of these matters and that already through the efforts of the Better Business Bureau, the San Jose newspapers refused any but legitimate advertising.

The musical program for the evening was furnished by Oscar DeReschke of Pleasanton, accompanied by Harry Tripp, both members of the Pleasanton Lions Club.

The club approved a petition to be forwarded to the county road department that the county take over the upkeep and repair of Mattos Road and the secretary was instructed to write a letter to the supervisors regarding this matter.

Jack Greeley was named chairman for the next meeting at which time the speaker will be the manager of the telephone company in the Chinatown Exchange.

KRAFTILE SOFT BALL GAMES

NILES—The formation of the Kraftile Employees Softball League is the natural outgrowth of the interest developed in the Kraftile Softball team, which is entered in the Hayward League. The excellent showing of the Kraftile team in early practise games against the Stove Works and the Holly Sugar stimulated the employees to form an inter-department league, to afford amusement for all interested in the game. With the new baseball field and the new tiled shower room in the factory, the employees now have facilities equal to those of any company in the Bay region.

The schedule of the Employees League is almost completed for this season, the Star Glazers and the No Stars tied for first place and the Pencil Pushers bringing up the rear. Two more games remain to be played.

The results of the games to date are as follows:

Star Glazers—10 No Stars—8
No Stars—15 Pencil Pushers—7
Star Glazers—27 Pencil P.—11
No Stars—11 Pencil Pushers—5
Star Glazers—7 Pencil Pushers—2
No Stars—9 Pencil Pushers—4

The team standings are as follows:

	W	L	Pc
Star Glazers	3	1	.750
No Stars	3	1	.750
Pencil Pushers	0	5	.000

The outstanding features of the games to date are the playing and batting of Burr, second baseman for the No Stars, the all-round ability of the Star Glazers and the "Charlie Hosses" and bunged-up fingers of the Pencil Pushers.

TODAY DEADLINE FOR CONSERVATION WORK SHEETS

Closing date for filing Work Sheets under Soil Conservation Program will be today April 30.

All farmers who have not made out a preliminary Work Sheet in 1936 or 1937 will be required to do so by April 30, in order to be able to make application for a benefit payment in 1937.

For those who still wish to sign up, they will have an opportunity to do so by calling on Mr. S. E. Smith, Secretary-Treasurer.

We will also assist you to make Work Sheets by calling at the Agricultural Conservation Office, located at Farm Advisor's Headquarters, New Post Office Building, C. and Watkins street, Hayward any day up to April 30, between 9:00 a. m. and 5:00 p. m.

PAIR JAILED FOR VAGRANCY IN NILES

NILES—A woman by the name of Clyde Smiley and her companion Jack Smiley, appeared in Judge J. A. Silva's court Monday afternoon on a vagrancy complaint signed by Deputy Sheriff Henry Vervais and were sentenced to 10 days in the county jail. They were said to have been in the Niles hobo jungles Friday and Saturday in an extremely intoxicated condition and were ordered to leave town on Friday by Deputy Sheriff Wallace Ebright after Niles residents had complained that the deportment of the pair near the Niles bridge in view of school children returning home from school was objectionable. On Saturday they were still in the jungles in an intoxicated condition and were booked at jail on a vagrancy charge. They had no permanent address.

FIRE CHIEFS GIVEN POWER

NILES—Fire chiefs of Washington township have been deputized by State Fire Marshal J. W. Stevenson and now have the power the purpose of inspection and to enter all public buildings for enforcement of fire regulations, accordig to announcment made at a meeting of fire chiefs in Oakland at the Hotel Leamington last week. Any failure of property owners to make necessary improvements for fire protection will be reported to the state fire marshal for investigation and enforcement.

Chiefs who attended from this section were Al Pashote of Newark, Frank Madruga and Fred Rogers of Centerville and Manuel Riggs of Hayward. About 125 were present representing Alameda and Contra Costa counties.

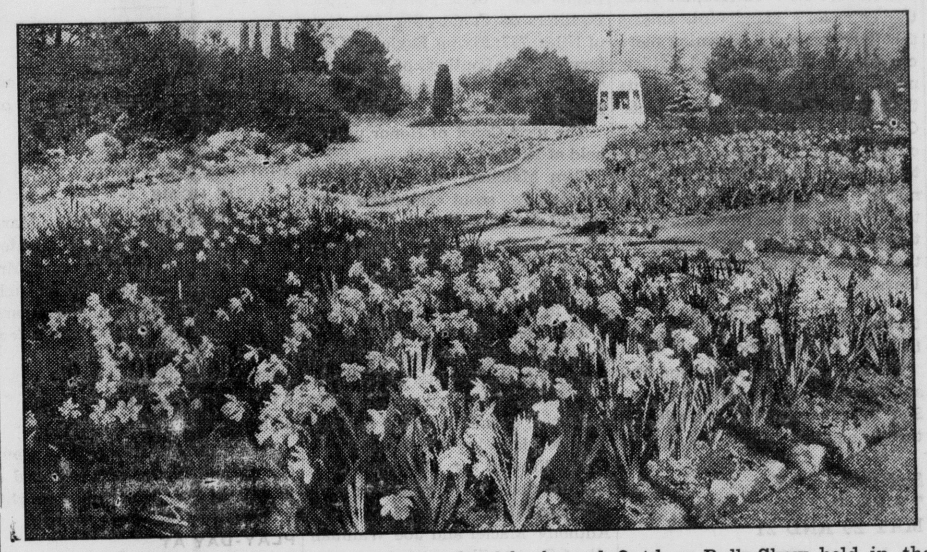
A recent improvement made in Newark following recommendation by the fire department was at Watkins hall. John Silva, owner changed the entrance door so that it would swing outward and also equipped the meeting hall with two exits.

An ordinance presented by the Alameda County Firemen's association to the board of supervisors several months ago has not yet been acted upon but a deputization of chiefs results in the same power which would have been placed by the adoption of the county ordinance. Deputizing of fire chiefs is empowered by state law.

FIREMEN ATTEND MEET

A large local delegation attended the meeting of the Alameda County Firemen's Association at Menlo Park Thursday night. The Menlo Park department was host and a banquet was served following the program which included a fire-fighting demonstration.

NEW MODEL SUBURBAN HOME PROJECT AND LARGE BOTANICAL GARDEN DEVELOPEMENT BEING PLANNED FOR NILES DISTRICT



A part of the exhibit of daffodils shown during the 6th Annual Outdoor Bulb Show held in the Show Gardens of the California Nursery Company at Niles during March and the early weeks of April this year.

NILES-- A new and finer type of farm home development, to be built to a carefully pre-arranged plan providing the best in living conditions at reasonable cost, is Roeding, Jr., president of the California Nursery Co., in a statement opening "Adobe Acres", located one-half mile west of Niles on the Nursery road, for the first sale to the public.

Coincident with the anouncement of the new farm-home tract comes word from Mr. Roeding of plans to convert a large section of the nursery's show gardens into one of America's outstanding botanical parks, for public enjoyment and education.

The two developments are tied together, it is pointed out, by the intention to make Niles and the surrounding area the horticultural center of the state. "Adobe Acres" while now offered for sale to Southern Alameda county families as an ideal home center, has been planned as an actual demonstration of the excellent possibilities for home life and home ownership on a moderate investment.

Space is provided for 52 farm homes in the project. Lots average one-half acre in size, with a few quarter-acres pieces available. Thus ample ground is afforded for a "family orchard", as well as for an extensive "outdoor living room" and garden development. Families with young children will find that the tract has been planned especially well in this regard, including a completely equipped children's playground removed from all traffic hazards.

"Adobe Acres" is conveniently close to Niles, being but two minutes away by automobile, and within easy walking distance of school. It commands a splendid view of Mission peak and the surrounding countryside. Work on the improved streets in the tract is now under way and will be completed in the near future.

The entire property is being landscaped with permanent street

ST MARY'S RALLY MAY 11

CENTERVILLE — Washington township residents are invited to hear "Red" Strader, assistant coach at St. Mary's and Prof. Claude B. Silva of the college history dept. speak at a rally sponsored by local St. Mary's alumni, John J. Brown, head of the local alumni chapter, announced this week.

The rally will be held at Washington nion High school at 8 p. m. on May 11.

He urges former students, friends of the college and the general public to attend.

Strader, who won fame as the first of Slip Madigan's All-American players, is former head coach at St. Regis college. Prof. Silva will talk on conditions in Spain and Portugal.

The program will include moving pictures of famous football games.

DANIEL KING DIES OF SEPTICEMIA

NILES— Generalized septicemia was given as the cause of the death of Daniel King of Niles at an inquest conducted by Coroner Grant D. Miller at Hayward Tuesday morning. King died at a San Leandro hospital from injuries mysteriously sustained last January. He was found near the Southern Pacific tracks not far from the California Nursery Company. No evidence at the inquest substantiated the theory that he had been the victim of strikers, Miller stated.

MURPHY TO EXPLAIN PLANS FOR BIG SCHOOL BOND ISSUE

NILES—Explanation of the proposed $100,000 bond for erection of a new school building at Niles will be given by Ben Murphy member of the board of trustees, at next Monday's meeting of the Chamber of Commerce, stated President W. B. Kirk this week.

The election is set for May 13 at which time tax payers of the Niles School District will decide whether or not the present building is to be replaced with a new structure.

Repair of the present building, it is understood, will amount to nearly half the amount of the cost of a new building. Repairs are needed to bring the building up to State requirements of preventing earthquake damage and because of the work of termites.

MARTEN ADDRESSES CHAMBER OF COMMERCE AT GRAMMAR SCHOOL

NILES—Reminding the 30 members of the Chamber of Commerce and their wives of the significance of Public Schools Week program, David E. Martin, superintendent of public schools of Alameda County was the speaker at the luncheon meeting in the grammar school cafeteria Monday. He stated that the slogan for the week was "Know Your School", and that it was highly important for each citizen to have an intimate knowledge of school affairs. He said that the school district meeting was the most democratic group now and that it had replaced the old town meetings.

W. B. Kirk, president, of the Chamber of Commerce, presided and turned the program over to Principal E. D. Bristow. After a luncheon served by the P.- T. A., the group adjourned to the auditorium where a program was given by the children. An exhibit of school work was viewed Wednesday night at an open house program and on Thursday afternoon tea was served by the P.- T. A.

At the meeting Monday, Lawrence Moise, president of the Student Body and Laura Lee Zwissig, president of the graduating class, extended greetings to those present. Attractive programs made by the school were distributed to members of the Chamber of Commerce.

The program was arranged by Miss Marie Curran and Miss Margaret Breier. The ladies serving the luncheon were Mrs. C. M. Myrick, Mrs. W. T. Lindsay, Mrs. John Galvin, Mrs. Hoyt Duffie, Mrs. Dick Attinger, Mrs. Harold Houghton, Mrs. George Burr and Mrs. Lillian Griffith.

RITES HELD FOR MARTINEZ

NILES— John Martinez,69, resident of Oldtown, Niles, for the past 18 years, was given final rites Tuesday morning at Corpus Christi church with interment in the Holy Sepulchre Cemetery on the Niles-Hayward road under the direction of the Chapel of the Palms. He had been in ill health since March. He is survived by his widow and several children.

The deceased was a native of Spain and had been in this country for 22 years. He was a laborer.

COPPINO HAS DEVOTEES

DECOTO — Members of the Chamber of Commerce and their guests, 32 in all, enjoyed a "coppino" feast at the Decoto fire hall this week. "Coppino" according to the Italian dictionary is a concoction of fish, et cetera. According to guests at the party it was "swell eating." Among the guests were Supervisor George Jannsen of Hayward, Roadmaster Joe Gomes of Niles and Tax Assessor Marston Dassel of Niles. Harry Searles acted as toastmaster.

The chamber recently voted to meet only once a month. The next meeting will be on May 26, according to President Peter Decoto.

MAYTIME COMING TO LOCAL SHOW

NILES—An unusually fine lot of pictures are due in the near future for the Niles theatre, Manager William Helm said this week.

Friday and Saturday will see William Powell in "One the Avenue", while Sunday and Minday programs will feature Grace Moore in "When You're in Love" and an Our Gang Comedy.

Special treat is to be provided for Wednesday and Thursday with Swing High Swing Low. Gift night is also Wednesday night.

Helm takes a good deal of pleasure in announcing Nelson Eddy and Jeanette McDonald in Maytime for May 27, 28 and 29. This picture has been attracting crowds all over the country.

On May 16 there will be a return engagement of Dude Martin and his wranglers.

The theatre's gift program has numerous highlights for the next few weeks. A pantry set will be given away on Wednesday, May 12 and women patrons will receive gifts on May 5. First come, first served, says Helm.

Screeno, ever growing in popularity, will be on Saturdays as usual.

And don't forget the little automobile on May 18 reminds Helm.

PTA DELEGATES ATTEND SESSION

NILES—Mrs. C. H. Franklin, president of the Niles Parent-Teacer Association, and Mrs. Roland Bendel, attended a meeting of the 16th District P.-T. A. at Berkeley this past Monday. One of the most interesting parts of the program was the report of the recent California Teachers' Association at which time the medical, psychological and educational forces joined in a discussion of the change and growth of the curriculum.

Dr. Herbert Stoltz advocated the training of each individual child according to his physical development. He also suggested that in the future boys and girls of the adolescent age would probably be taught separately, as the girls' developing more rapidly outdistanced the boys and often left them with permanent inferiority complexes. Classes should be adjusted to the physical status of each pupil, he said.

Dr. Bell of Stanford University also advocated adjustment of classes to the individual along psychological lines. He suggested that each class cover more or less the same material, each higher grade broadening the information, as constant repeating of facts was necessary to make final and definite impressions. He advised having one teacher supervise a child for several successive year instead of changing teachers each year, presuming, of course, that the teachers were properly equipped.

Mr. Prescott of Los Angeles discussed the new curriculum from the educator's standpoint, stating that teachers were becoming more concerned with the social adjustment and happiness of the students than with intellectual attainments. One of the most important phases of education, he said was to learn to handle success and disappointment. Parents will have to be taught to accept the new changes in the curriculum, he said, many of them objecting to "new-fangled" ideas.

HONOR COURT BIG SUCCESS

CENTERVILLE—One of the most successful Courts of Honor yet held by the Washington Township Boy Scouts was held at the Centerville Grammar School Monday night, inaugurating Public School Week exercises in Centerville. The program consisted of motion pictures of Diamond Camp and Diamond O camp, an investiture for tenderfeet scouts and awarding of honors and merit badges.

Field Executive W. T. Lindsay announced the following ratings by patrols at the camporette held at the high school this past weekend: Rattle Snakes of Niles, 822 points out of a possible 1,000; Panthers of Centerville, 780; Bats of Niles, 777; Flying Eagles of Centerville, 770; Panthers of Irvington, 769; Flaming Arrows of Irvington 250.

The next Court of Honor will be held at Niles on May 20.

Tom Maloney, chairman of the Centerville scout committee extended greetings. Lindsay explained two reels of camp pictures and Judge Allen G. Norris spoke, urging the community to do all possible to assist the scout progarm.

A skit was presented by Douglas Nunes, George Emerson and Philip Brazil of the Centerville troop. George Coit presided at the Court of Honor, opened with an investiture service by the Centerville troop directed by James Nunes, scoutmaster. Those receiving badges were Edward Perry, Jack Silva, Anthony Maciel and Joe Wallman all of Centerville.

Second-class badges were presented to the following Irvington boys by Scoutmaster Robert Hunt: Tom Sinclair, Eugene Williams, Howard Henry. Star badges were given to Roy Mathiesen and William Millett by Mrs. D. A. Fitzgerald and a life membership badge was given to George Mathiesen by his mother, Mrs. George Mathiesen. P.-T. A. REACHES STANDARD GOALS

NILES—For the first time since its organization, the Niles Parent-Teacher Association has reached P.-T. A. Standard Goals, according to a report made at a recent 16th District meeting. Addition of a study group, new rulings for attendance percentage and excellent work done by the unit the past year have resulted in the standard rating.

Other units in Phoebe Hearst Council which have this rating are Tennyson and Castro Valley schools.

IDEA EXCHANGE

Shellac Recipe Cards. I cover my recipe cards with a coat of transparent shellac and when they are dry put them back in the recipe file. Then when I use them the covering prevents greasy marks and the cards can be wiped clean with no fear of spoiling them. When I use a cook book I keep the pages clean by placing over them a small piece of window glass.

CHRISTIAN FELLOWSHIP ACTIVITIES

NILES—Spring fever has been drifting around and has affected only a few of the Niles Christian Youth Fellowship, but the rest are still bubbling over with ideas and are full of ambition.

The decorations for Sunday morning's church services are being taken over by the Young People's Society, which was formerly done by the elder members. Individuals will be appointed each week by the president of the organization to assist in this work.

The pot luck supper, which is a monthly feature, is again taking its place of importance in the activities of the group. They have decided to make this months dinner a notable highlight of the month by making it a little different.

Once again a drive is being made for new members for our society. Two captains, Elizabeth Lindsay and Doremus Scudder, have been chosen to direct the campaign. The group has been divided into two parts and the drive is on with each trying for new individuals who would like to become members.

Due to the departure of the Young People's Adult Counselor, Mr. Long, they are holding a position open and as yet have not dediced among several nominees.

The officers are thinking of getting up a swimming party as soon as the membership calendar has been increased.

NATIVE DAUGHTERS TO HONOR OFFICERS MAY 7

CENTERVILLE—Book officers of the Betsy Ross Parlor of Native Daughters will be honor guests at a party to be given by the parlor at the home of Hazel Leal on Friday night, May 7. There will be entertainment and refreshments. Those to be honored are Matilda Enos, charter secretary; Rose Peixotto, financial secetary, also a charter member; Irene Nunes, treasurer; and Jennie Hoffman, acting treasurer.

"A Queer Pet"

One day while I was walking along down the creek I heard a little squeaking sound. It had come from the brushes near yy. As I peered into the brush I saw a little baby quail tangled up in some string. I caught it and took it home. I kept it in the house in a little box and fed it daily. Soon he became full grown. I let him go but he would not fly away so I kept him. In the day time he would play with my dog and when they would get tired the bird would perch on my dog's back and go to sleep. At night he sleeps in a cage near my dog. The door is always left open. One day it flew away and never came back for a long time. But one day I saw him perched up in the tree. He always comes to see me but he lives in the creek someplace.

The Old Days of Centerville

As we step into the horse car htat runs through Centerville we see the hard wooden seats and the rugged finishing in the car. The car has just started to go; it started with a jerk. We are now passing the Gregory Hotel. There are some people sitting in front of it talking. I think I will get off here. As I enter the hotel I hear people on the upper floor yelling "fire"! People from all around come to see the fire. Then down the street I see a fire wagon coming drawn by two horses. They were too late; the wooden building had burned to the ground. As I go on I see the high school; it is a wooden building; it is very tall but sturdy. Those were the old days in Centerville.

MRS. RODERICK IN CHARGE OF CARD PARTY

ALVARADO—Ms. Mayme Roderick, president, will have charge of the card party to be given at the S. D. E. S. Hall tonight, April 35, under the auspices of the St. Anne's Confraternity. The game will start at 8 o'clock. Funds will be given to the church parish.

Watches Once Small Clocks

Watches originally were small clocks and were worn hung from the girdle because they were too large for the pocket.

OUR CHAPEL

THE quiet beauty of our chapel affords a perfect setting for the hour of parting. In peace and reverence, those assembled can pay their last respects to the honored one who has passed on.

The use of the chapel is convenient, since it accommodates more people than the average home and is designed for funerals.

There is no extra charge for its use.

Continued From Page 1

plantings, parking strips, accent-effects at principal street intersections, and a general enclosing screen planting to provide a secluded effect of privacy for home owners within the tract. This project has been designed and is being constructed by the Landscape Organization of the California Nursery Co.

In addition to the general landscaping, every home owner will receive a landscape plan, with garwithout added cost. Also in addition, the services of Mr. Frederick H. Reimers, well-known San Francisco architect, and Mr. E. E. Dias, Niles contractor, will be available to buyers. In this way, together with the sensible restrictions to protect future values, Adobe Acres will be a model farm home development, certain to attract widespread attention by reason of its architectural charm and the beauty of its suburban gardens. As such, it will be part of the Nursery's show gardens and new botanical park, which it adjoins. Buyers will thus find their modest investment in this subdivision to be sound, protected by rising values which will follow as a result of the improvement program now under way.

Located near the childrens' playground, and also dedicated to the enjoyment of home owners in Adobe Acres is the tennis court and adult recreation center, upon which construction will start soon. Both the playground and tennis court will be reserved for the exclusive use of residents of the tract and their guests. Actual ownership of these two features will pass from the Nursery Co. to the "Adobe Acres Homes association" a civic organization made up of property owners in the tract, as soon as sufficient sales have been made to permit this group's formation.

To encourage immediate building activity, a special inducement is being offered to the first five buyers to start home construction at Adobe Acres. This inducement is in the form of an average saving of $500, based upon a building investment of $3500. Lot prices for half acre sites start at $600, the subdividers point out, so that the five families who take advantage of this offer will get their land almost without charge.

"It is our deside to create at Niles the outstanding farm home and garden development of the Pacific coast", Mr. Roeding said yesterday. "One reason for this is that we are working on plans to make our Nursery gardens a botanical show place, which will attract people from all parts of the country. Together with these gardens, Adobe Acres will show by actual demonstration just what can be done with a small investment in creating the ideal rural and suburban home."

GROUPS BOOSTS NEW PROJECT

NILES—Directors of the Niles Junior Chamber of Commerce Wednesday night voted to give George Roeding jr., president of the California Nursery, every possible support in the promotion of Adobe Acres, new suburban home development designed to attract many residents to this community.

The directors instructed the junior chamber secretary to write Mr. Roeding a letter pledging aid. Details if a promotion program which may aid the nursery are to be worked out, subject to Mr. Roeding's approval.

Members of the junior chamber pointed out that local business organizations should give the Nursery every possible aid in its project because the completion will increase local business and prove excellent publicity for the entire Washington township.

SCOUTS HOLD CAMPORETTE

CENTERVILLE— The athletic field of the Washington Union High School presented an unusual sight this week-end with an encampment of Boy Scouts of Washington township enjoying a camporette preliminary to the Oakland Camporee.

The boys gathered at various hiked into camp, arriving about 2 o'clock Saturday afternoon. They brought their own food and made out their own menus, cooking thelr meals on campfires along the edge of the field. Saturday night they had a campfire program attended by the following visitors: Tony Foster, chairman of the Hayward cub commission; Cecil Klee, scoutmaster of Castro Valley; Chester Little, scoutmaster of Hayward Troop No. 5; Tom Christian, new Scoutmaster of Hayward Troop No. 3. Leaders of the local camporette consisted of Lindsay, Lawrence Pine, scoutmaster and John Macgowan, James Nunes and John Cattaneo, scoutmaster and assistant of Centerville and Robert Hunt and William Sinclair, scoutmaster and assistant of Irvington.

Some of the boys slept in pup tents and those who had sleeping bags slept outside. On Sunday morning, there was a 12th law service for those who did not attend the Catholic mass. After lunch, the boys broke camp and lined up for inspection. They were graded on equipment, behavior, menus, quality of food, method of packing, condition of camp ground, etc.

Niles had 18 boys present in three patrols, one of which won first place with more than 800 points out of a possible 1000. Centerville had two patrols and Irvington, two.

Be one of the first five to start construction of a new home in this tract. You can then buy a choice half-acre lot, and have one of San Francisco's leading architects design your five room home to fit your own desires for a small down payment and as little as $25 per month. In addition the Landscape Organization of the California Nursery Company will plan your garden, and include construction and plant material up to a value of $100—all at no extra cost.

Sounds almost too good to be true doesn't it? But it is true—as you can prove for yourself by seeing ADOBE ACRES today—and talking with any reliable real estate organization in Niles, Hayward, Centerville, Decoto, Newark, Alvarado, Irvington, or Mission San Jose.

What a home you can have! For example—five rooms with two beautiful bedrooms; bath with recessed tub and shower, tile floor and modernistic medicine cabinet; beautifully finished living room with large fireplace, dining room, pass hall with roomy linen closet; kitchen with tile sink and all the latest built-in features; hardwood floors; laundry with automatic type storage heater; separate garage; charming exterior design to suit your own requirements, and a generous sized large lot. Plenty of room for the whole family to enjoy your California Nursery built "Outdoor Living Room", and ample space for the children to play.

ON THE FIRST FIVE HOMES TO BE CONSTRUCTED WE ARE OFFERING A SAVING OF APPROXIMATELY $500 EACH, BASED UPON A MINIMUM BUILDING INVESTMENT OF $3500.

We are spending thousands of dollars to make ADOBE ACRES the home-show place of Northern California. We want to point with pride to this tract as a living example of what planning and good taste can create in model homes and model home surroundings—for a reasonable investment. The 52 families who will live here will reap the benefits of this civic program.

SUCKERS

All the straining and yanking and name calling and arguing and demanding and palavering that is going on in the larger social centers in the name of rights for labor gives us a monstrous pain where no gent should have a pain.

It's the old army game all over again.

John Lewis and Dave Beck and William Green don't waste two seconds a day in thinking about human rights or any other such idealistic concepts.

All Old Bushy Brow thinks about is how he can get the edge on Willie and wreck the A. F. of L. for the everlasting glory of C. I. O.

And poor old Willie, who always has been lost in the folds of Sam Gompers' toga, spends Ninety-nine point forty-four per cent of his time in thinking up ways and means to discredit Old Bushy Brow.

There is only one thing clear in the whole mess: the unions are in the hands of demagogues who have learned that labor domination is a quick, cheap road to personal political power.

They are playing the rank and file of labor for suckers and Mr. and Mrs. John Public foot the bills.

A prof. at Colgate by the name of Mott says he's going to teach a course in "dictatorship" next year. His reason: "Dictators have come to stay". Any married man coulda told him that long ago.

One of the bigwigs up in Oakland the other day was quoted as saying what a wonderful thing the Bay fair is going to be to attract easterners out here to settle down. A lot of us would be satisfied if some of the folks who are already out here would settle up.

We ain't gonna be responsible for our actions the next time somebody makes a crack about the sit-down strike and two-pants suits.

THIEF ENTERS DRUG STORE

ALVARADO- A thief who broke a window into Dr. E. M. Cooper's office back of the Nordvik Pharmacy Sunday night, stole a pair of dental forceps, crashed in a wooden door between the two places and robbed the drug store of $20 out of the cash register and merchandise, including a wallet set and other articles.

The robbery was reported by Damaso Dias who lives next door. Members of the family had seen a man at the rear of the house and later investigation disclosed the broken window. Investigation was made by Deputy Sheriff Wallace Ebright and Officer Wisner.

Masonic Home News

by JAMES H. HEATH

Masonic Home April 26. Yesterday the Home was the objective of a large delegation of men, women and children representing the masonic lodges at Santa Cruz, Watsonville, Hollister, San Juan Batista and Gilroy, which lodges comprise the 55th Masonic district. Roy H. Davis of Watsonville, inspector of the district, was in charge of the party. The time was devoted to an inspection of the home and visits with the resident members of some of the lodges, and with a basket picnic lunch in the banquet hall of the south wing. Table service, hot coffee, sugar and milk were provided by the home management. Regret was voiced by Inspector Davis that the plans for staging an entertainment failed to carry. Having in mind the fine entertainment brought by these lodges at the annual visit of 1936. Members of the home had hoped for a return engagement.

Every now and then in the course of his broadcasts over the San Francisco Examiner KYA radio station Ernie Smith is so kind as to fire a volley of cheer to the base ball fans of the Masonic Home. Incident to Saturday's game between the Oakland and San Francisco aggregations he handed the local fans—and there are many of them, by the way—he voiced his toast somewhat as follows:

"To the 70 years young base ball fans of the Decoto Home, Abe Hamlin and his one man band, Sam Sniffen the 84 year old billiard player, Isadore Franck, the 90 year old violinist and many others. So with a big hey, hey cheerio to Alec Cullen and all the rest of those base ball fans at the Decoto home.

The broadcast is from the Seals Stadium at San Francisco.

Under the direction of Supt Hartma nimportant repairs are being made in the Siminoff Temple a land mark of interest to all visiting masons and their friends.

Reports from the southland are that fine reception is being given Grand Master Rollie Miller in his round of visitations to the various lodges. As May is the month set aide for directly interesting the lodges in the endowment fund of the two masonic homes the Grand Master is improving the opportunity of impressing the message, following his endowment fund circular letter of April 8.

WE'RE HARD TO FIT— but

the FORD V-8 suits us!

They say you can't have everything—*but this new Ford V-8 says differently.*

At the lowest Ford price in years, you can have the roominess and comfort possible only with an engine that's extra *short*, a springbase that's extra *long*, drivers' seats that adjust *two* ways.

And—you ride where riding comfort is at its best—amidships, *between* the axles.

You get brakes that stop with tremendous power—at the gentlest of toe pressure.

You get a car that's easy to steer, easy to park. Yet the way it hugs the road and cradles you over rough spots reminds you of great big cars, with great big price tags.

You get modern lines and sparkling colors, and up-to-the-minute "little things," too—battery under the engine hood, starter button on the dash and parking brake below it, big luggage compartments on all sedans.

And anywhere you go, you know you'll find good service at costs so low they're famous the world around.

So no matter how hard you are to please or fit—no matter how much you expect for your money—here's the car to see FIRST. The QUALITY car in the low-price field.

DOUGHERTY'S TOWNSHIP GARDEN

Continued from Page 1

today they are practically cleaned up fro mthis bad pest." "How could these men work the ground every couple of weeks in amongst the spreading vines", we asked. "They didn't," Bill replied. "They let the morning glory grow after the last cultivation. The vines and the morning glory thoroughly dried out the ground by the end of September. They then prepared a 2% solution of white arsenic. This they put in ordinary tin cans and went through the morning glory patches, putting down a can about every four feet. They then gathered handfuls of the growing morning glory vine and without pulling them up submerged them in the poison liquid in the can for 24 hours.

The thirsty vines took a good drink and at the end of this time every plant connected with the vines in the can was dead. It was a simple matter then to put the remaining live vines in the can for their drink. It sounds complicated. but it really worked out without much trouble. It was an ideal method for the scattered patches throughout the vineyard. No poisoning of the ground or grapevines resulted."

Honorable Mention

We become so enthusiastic upon seeing certain pieces of work so well done here and there in the Township that we feel called upon to issue the TOWNSHIP GARDEN CERTIFICATE OF MERIT. For the present, we regret to announce, no cash award goes with these certificates of merit! If our readers don't agree with our awards, we should be glad to have them call our attention to our bum judgement!

Certificate No. 1 for the best kept orchard in Washington Township to Walter Rose, corner Highway and Santos Road. If you can find one healthy weed amongst the cherries or on the roadside we will cancel this certificate.

Certificate No. 2 for the best display blossoming standard roses this week to Father Souza, Holy Ghost Church, Centerville.

Watch every issue for further awards.
